

PRESS RELEASE

15 March 2022 - The **Embassy** of the Philippines in New Delhi, **joins the international community** in celebrating this year's **International Women's Day (IWD) theme #BreakTheBias**.

The Embassy Personnel did their "**Strike the IWD 2022 pose**" by crossing arms. The Personnel also held their **individual pledge** in support of the celebration. These pledge statements included "**I will forge positive visibility of women**"; "**We will challenge gender stereotypes, discrimination and bias**"; "**I will maintain a gender equal mindset**" and "**We will celebrate women's achievement**".

According to IWD's website (<https://www.internationalwomensday.com/Theme>), the **campaign to break the bias**, signified by crossing of arms, show **solidarity in the global effort to break the biases women and men have**. Without a gender-sensitive lens, both women and men show biases on gender equality causing stereotyping, discrimination and exclusivity in the community, at the workplace and even in one's home.

Strike your pose! #BreakTheBias!
